

Young Business Leaders Membership Benefits

As an AusCham Member you have the opportunity to connect with over 600 AusCham members in Vietnam and the ASEAN region with a total audience of almost 5,000 recipients of our weekly newsletter.

AusCham represents and promotes the interests of Australian businesses operating in Vietnam. We, as a not-for-profit chamber of commerce are proud to have a pivotal function in providing invaluable business and cultural support to members and sponsors activities and needs in Vietnam and Australia.

AusCham provides all members with a voice to express their views on the business environment of Vietnam, directly within the business community and via our liaison with the Vietnam Government through the VBF (Vietnam Business Forum). We actively co-ordinate a regular program of high profile business seminars, networking and social functions as well as a number of charity events in the year.

Whilst AusCham covers a wide range of activities, our main objective is to enhance business ties between Australia and Vietnam for the mutual benefit of our members and their Vietnamese counterparts. Furthermore, we keep you up to date with the latest in Vietnam's business news and any changes by way of our newsletters, alerts and by conducting monthly business briefing events.

When you become an AusCham Member, you will have access to the AusCham database and most importantly, you will have a strong and established support base in Vietnam.
