vaccine update

staying sane in lockdown with exercise

- hit workouts – Jordan Yeoh Fitness
 - Pamela Reif
- body weighted workouts
 - athlean x
 - alex crockford

why are we advocating now

- **Change in Australia:** Astra Zeneca has now got a significant uptake in the eligible community in AU
- **Change circumstance in VN:** Pathway to co-contribution via the MOH is opening up
- **Impact to business :** delta variant has changed the landscape

what can't we do

- Buy Vaccines- scam or fake
- Be political – the chamber is a business advocacy group – we have a responsibility to work with govt and opposition alike

what we shouldn't do

- advocate for policy change without purpose
- engage in shouty advocacy
- be inappropriate on social media platforms
- be expecting outcomes from agencies they are not able to deliver on

what can we do

- 2.2 (d) of auscham charter
- Organising meetings between, and liaising with, its members and Australian Government and Vietnamese State management authorities on matters including commercial, investment and service issues;
- define this as a business investment issue
- why this step
 - EEES
 - VABC
 - Minister Tehan visit

how do we do this

- start a grass roots campaign
- need to get as many people in country engaged as possible auscham and non-auscham members
- 4 point advocacy

how do we do this

- open letter to PMO, Ministers Tehan and Payne, Opposition leader and Shadow Ministers Wong and King – signed with logos by the business community
 - state the business impact
 - creating uncertainty in investment with no vaccine horizon
 - brain drain of needed au talent back to Australia because of uncertainty
 - link to EEES and effect
 - highlight leaving vn to look after AU residents in country operating business large and small to promote AU interests is not a good optic
 - Show pathway to co-contribution model

how do we do this

- open letter to state premiers signed by business with logos
 - state the business impact
 - creating uncertainty in investment with no vaccine horizon
 - highlight leaving vn to look after AU residents in country operating business large and small to promote AU interests is not a good optic
 - highlight contradiction of government policy that if we want to be vaccinated to return to au vis caps on entries
 - Show the benefit of vaccinating in country either reduces returnees or has vaccinated people in hotel quarantine which reduces the risk

how do we do this

- grass roots campaign – be respectful
- letter to your local mp from you and your family and friends in au
 - download letter from aushcam website
 - use link on auscham website to locate contact details of your local member
 - insert their name – sign with yours send
- sign the parliamentary petition
 - use the link on the auscham website to sign the petition
 - send the link to all of your family and friends here and au to get it signed

what do we hope to achieve

- visibility of our issue
- way that we can take control of action
- change in government policy
- additional 40k vaccines added to the 1.5kk vaccines donated to take care of au community
