

## Guidelines on Registering a Vietnam COVID-19 Vaccination Certificate for Australia

### Registering in Australia

You require a Vietnamese Vaccination Certificate, Passport, Medicare Card or Number & Patience  
(Please note, as circumstances are changing constantly, you should check with the web site links)

#### STEP 1 Get your Vietnamese Vaccination Certificate translated

*This can be done in Australia or in Vietnam.*

#### STEP 2 Visit a recognized Vaccination Provider in Australia to Record your Vaccinations on the AIR

In Australia, you must visit an authorized vaccination centre (or an Australian Medical Professional) to add your records to the Australian Immunisation Registry **AIR**. You will need to present your passport, medicare number or card and your translated certificate along with the original Vietnamese certificate. Your vaccination dates and vaccine type will be entered into the (AIR). Note: *The system will ask for a batch number. If that is not on your certificate go to <https://tiemchungcovid19.gov.vn/portal/search> to search your name and vaccine batch.* Note you will need access to your Vietnamese mobile phone number for a verification SMS.

**The following COVID-19 Vaccines are Currently Approved for Entry into the AIR**  
**Pfizer COMIRNATY, AstraZeneca VAXZEVRIA, Moderna SPIKEVAX or Janssen-Cilag COVID-19 Vaccine Janssen.**

*Enquiries - Contact the Australian Immunization Register (AIR) on 1800 653 809 Mon - Fri 8:00 am – 5:00 pm*

#### STEP 3 Create a MyGov Account & Link your Medicare Account

If you do not already have one, you need to **create a MyGov account** via <https://my.gov.au/> to access online government services and get proof of COVID-19 vaccinations.

Once this has been created you need to **link your medicare card to your My Gov account**. Why do you need to link them? Medicare is linked to AIR and holds your vaccination details, but My Gov is where you access the digital vaccine passports.

**See how to do it here**

<https://www.youtube.com/watch?v=gWVLCqoatFM>

<https://www.servicesaustralia.gov.au/individuals/online-help/medicare/link-medicare-mygov-your-medicare-card>

Note, these accounts are not automatically linked. When you go to link your medicare card number you will be asked for details such as name, linked bank account, registered address etc. If details match exactly then you will be provided with an activation code to link the accounts. If you do not have these details or they do not match you will need to **call 132 307** (Mon – Fri 7:00 am – 10:00 pm and Sat - Sun 10:00 am – 5:00 pm) or **visit a Medicare office** (<https://findus.servicesaustralia.gov.au/>) with your Passport or AU Driver's License and Medicare Card or number. To link the Medicare Account, you will need to make an appointment to get an activation code which bypasses the need to enter bank etc. details. This code will allow you to link your Medicare Card to My Gov and will automatically update your vaccine status.

*Note, If you are an Australian non-resident returning permanently to Australia, you will need to apply for a new Medicare Card for you and your family. This will take up to 10 working days.*

#### STEP 4

#### Download the COVID-19 Digital Certificate and Link to State Based Apps

Access your immunization history statement or COVID-19 digital certificate using your Medicare online account through **myGov**

1. Sign in to [myGov](#)
2. Select the Proof of COVID-19 vaccination quick link.
3. Select View History
4. Select your name, and then either View Immunisation History statement (PDF) or View COVID-19 digital certificate (PDF). You can also or easily access your COVID-19 Digital Certificate by downloading the [Express Plus Medicare mobile app](#)

**Each state in Australia requires you to download a separate app and check-in using the app** when visiting locations in that state. You can link your COVID-19 vaccination certificate on: [Service Victoria](#) & [Service NSW](#). Find out more & state links here: <https://www.australia.gov.au/>

**If you are planning to travel overseas - get your International COVID-19 Vaccination Certificate [here](#)**

#### To Register from Vietnam

- STEP 1** Create a MyGov account & Link your Medicare Account
- STEP 2** Print your Vietnam Vaccination Certificate <https://tiemchungcovid19.gov.vn/portal/search>
- STEP 3** Have a recognized GP in Australia to record your vaccinations on the AIR
- STEP 4** Download the certificate as per above
